**By Lisa Dougherty & Sarah Lister**

'*The Royal Marsden Hospital Manual of Clinical Nursing Procedures*, seventh edition' presents up-to-date, evidence-based clinical skills procedures related to every aspect of a person's care.

- Includes over 350 clinical procedures that nurses must know
- Promotes best practice based on the latest research findings
- All procedures include the rationale for each action
- Focuses on in patient-centred care
- Valuable to novices as well as expert nurses
- Related topics grouped for quick reference
- Clear, unambiguous and easy to understand
- New improved colour layout with more illustrations

Clinical skills procedures are a fundamental aspect of nursing care so it is essential that they are evidence-based. This manual provides that evidence, based on an appraisal of current research and advice from clinical experts.

## **New for the seventh edition:**

- A new chapter on 'Positioning' - how to help a patient sit in bed, to stand and lie comfortably
- Separate chapters on 'Assessment and the process of care' and 'Communication'
- New sections on problem solving, to help nurses during the course of their clinical work
- Evidence rated to help nurses assess its validity

This invaluable companion enables nurses to gain the confidence they need to become informed, skilled practitioners.
